#### Ignite Your Passion - to District 38 Club Officers and Members

What must we do to continue on the road of success by being Distinguished for the 4th Year? I offer a few simple suggestions. [Click here to read the entire letter.](#)

Communication is key for our District to be successful and to maintain Distinguished status. Club officers will have to inform the District how we can assist them in their efforts. During the months of August and September, each club will be visited by a district representative, namely the Area Governor. At those meetings, it is the responsibility of the club officers to voice their concerns and suggest how the District can support them in their efforts to serve their members.

#### Welcome to District 38

Two new clubs have joined District 38 this Toastmasters year - both in the Philadelphia area.

#### Incentives Program

Are you working towards your first CC, ACB, ACS, ACG, or DTM?

If so, District 38 wants to reward you for your hard work. In addition to the CC and AC certificates you receive from Toastmasters International, the District Leadership Trio would like to award you a CC pin or an AC pin. If you earn your CL in addition to your CC or earn your DTM, then we would like to provide you with a name badge with your newly earned credentials!

*Positively Charged* -

*Positively Charged*, the perfect name for a public Toastmasters club supported by PECO – Philadelphia's electric company. *PC* attributes its success to its love of positively charged laughter and balancing its meetings between entertainment and education.
